

FOR IMMEDIATE RELEASE

Airoom Architects, Builders, and Remodelers Partners with Boys Hope Girls Hope of Illinois

Lincolnwood, IL (November 12, 2024) – Airoom Architects, Builders, and Remodelers ([Airoom](#)), a leading design-build firm in the Chicagoland area, is proud to announce a new partnership with Boys Hope Girls Hope of Illinois ([BHGH](#)), a nonprofit organization dedicated to providing academic and social support to children from disadvantaged backgrounds. Through the "***Building Hope, Transforming Lives***" campaign, Airoom will serve as the design-build partner for the renovations of BHGH's Evanston campus.

"We are incredibly honored to be selected as the design-build partner for BHGH's renovations," said Maxx Klein, Director of Operations at Airoom. "Our entire team is excited about the opportunity to play a role in creating a more welcoming and supportive environment for the young scholars at BHGH. This project aligns perfectly with our company's commitment to giving back to the community and making a positive impact on the lives of others."

The renovations at the BHGH campus will include the construction of additional housing for girls, expanded program infrastructure, and improvements designed to foster a more cohesive campus community. These enhancements will allow BHGH to serve more students from low-income families, providing them with the resources and support they need to achieve their full potential.

To commemorate the start of construction, Airoom and BHGH co-hosted a groundbreaking event on October 24th in Evanston at the site of our first rebuilding project on Gaffield Pl.

This celebratory event provided an opportunity for the community to learn more about the project, its significance as well as meet with current Scholars and BHGH & Airoom teams.

About Airoom Architects, Builders, and Remodelers
